## PART I ROSACEA

### **Chapter 1. Etiology and pathogenesis.....15**

1.1. Immune factor .....	15
1.1.1. IL-17 and T-cell immunity imbalance.....	17
1.1.2. Mast cells .....	18
1.1.3. Neurovascular dysfunction and neurogenic inflammation.....	20
Sensory receptors of cells.....	20
Neurotransmitters .....	22
Genetic predisposition .....	23
1.2. Skin barrier function .....	24
1.3. Microbiome .....	24
1.3.1. Skin microbiome .....	24
1.3.2. Gut microbiome.....	26
1.4. Genetic predisposition .....	27
1.5. Rosacea-contributing factors .....	28
1.5.1. Triggering factors.....	28
1.5.2. Risk factors and comorbidities .....	31

### **Chapter 2. Classification and clinical manifestation**

<i>(Albanova V.I.) .....</i>	<b>33</b>
------------------------------	-----------

2.1. Classification .....	33
2.2. Clinical picture .....	36
2.2.1. General characterization.....	36
2.2.2. Clinical manifestation of rosacea according to the 2002 classification .....	36
Pre-rosacea .....	37

Erythematotelangiectatic rosacea .....	38
Papulopustular (inflammatory) rosacea.....	39
Phymatous rosacea .....	40
Ophthalmorosacea.....	41
2.2.3. Clinical manifestation of rosacea according to the 2017 classification .....	41
2.2.4. Specific forms of rosacea .....	44
Rosacea granulomatosa.....	44
Rosacea conglobata .....	44
Rosacea fulminans .....	44
Rosacea gram-negative .....	45
<b>Chapter 3. Diagnostics (Albanova V.I.) .....</b>	<b>46</b>
3.1. Diagnosis .....	46
3.2. Differential diagnosis .....	47
3.2.1. Erythematotelangiectatic rosacea.....	47
3.2.2. Rosacea papulopustulosa.....	49
Acne vulgaris.....	49
Perioral dermatitis.....	51
Demodicosis .....	51
<b>Chapter 4. Impact of lifestyle on rosacea treatment .....</b>	<b>53</b>
<b>Chapter 5. Medication treatment .....</b>	<b>55</b>
5.1. Drugs .....	55
Kallikrein-5 inhibitors.....	55
Vasoconstrictor drugs.....	55
Antibacterial drugs .....	56
Antiprotozoal and antiparasitic drugs.....	56
Retinoids.....	56
5.2. Recommended administration regimen .....	56
<b>Chapter 6. Cosmetic care.....</b>	<b>59</b>
6.1. Selecting cosmetic products .....	59
6.2. Skin cleansing .....	61
6.2.1. Cleansers .....	62

6.2.2. Choosing a cleaning product .....	64
Normal sebum production.....	64
Low sebum production.....	64
Sebum overproduction (oily skin).....	64
6.2.3. Cleansing routine .....	65
6.2.4. For men: shaving rosacea-affected skin.....	66
6.3. Restoring and strengthening the skin barrier .....	66
6.3.1. Hydrolipid mantle and surface pH .....	66
6.3.2. Strengthening the lipid barrier .....	68
6.3.3. Moisturizing the <i>stratum corneum</i> .....	70
6.4. Normalizing the skin microbiome .....	71
6.5. Special cosmetic ingredients for rosacea .....	73
6.5.1. Antioxidants .....	73
6.5.2. Zinc .....	75
6.5.3. Niacinamide .....	76
6.5.4. Tranexamic acid .....	77
6.5.5. Azelaic acid .....	78
6.6. Sunscreen products .....	78
6.7. Decorative cosmetics .....	83
6.7.1. How to apply makeup to minimize irritation.....	83
<b>Chapter 7. Energy-based methods.....</b>	<b>85</b>
7.1. Light therapy: mechanism of action .....	85
7.2. Laser and IPL devices .....	88
7.3. Treating vascular alterations ( <i>Kalashnikova N.G., Urakova D.S.</i> ) .....	90
Pulsed dye laser (PDL).....	90
Potassium-titanium-phosphate laser (KTP) .....	90
Neodymium laser (Nd:YAG) .....	92
Intense pulsed light (IPL) .....	92
7.4. Treating connective tissue changes <i>(Kalashnikova N.G., Urakova D.S.)</i> .....	92
7.4.1. Dissection of altered anatomical entities .....	92
7.4.2. Tissue remodeling.....	94
7.5. RF microneedling .....	96

<b>Chapter 8. Botulinum toxin therapy .....</b>	<b>97</b>
8.1. Mechanism of action .....	97
8.2. Clinical experience .....	98
8.3. Rosacea-like steroid dermatitis .....	100

<b>Chapter 9. Diet in rosacea.....</b>	<b>103</b>
9.1. Food triggers .....	103
Alcohol .....	103
Unfermented tea .....	103
Caffeine .....	104
Niacin-rich food.....	104
Spicy food.....	104
Cinnamaldehyde .....	105
Histamine-rich food .....	105
Fatty food .....	105
Dairy products.....	105
9.2. Nutrients indicated for patients with rosacea .....	106
9.2.1. Supporting the skin's defense mechanisms .....	106
Omega-3 unsaturated fatty acids.....	106
Zinc.....	106
9.2.2. Restoring the balance of the intestinal microbiome.....	107
Prebiotics .....	107
Probiotics .....	107
9.3. Preventing the cardiovascular disorders .....	108
9.4. General recommendations .....	109

PART II  
COUPEROSIS

<b>Chapter 1. Etiology.....</b>	<b>111</b>
<b>Chapter 2. Clinical manifestation .....</b>	<b>113</b>
<b>Chapter 3. Diagnostics .....</b>	<b>115</b>

<b>Chapter 4. Treating couperosis .....</b>	<b>117</b>
4.1. Lifestyle .....	117
4.2. Cosmetic care for couperosis .....	118
4.2.1 Skin cleansing .....	118
4.2.2. Home care.....	118
4.2.3. Cosmetic ingredients with vasoconstrictive properties .....	118
4.2.4. Cosmetic camouflage .....	119
<b>Chapter 5. Injection treatment .....</b>	<b>120</b>
<b>Chapter 6. Energy-based therapy.....</b>	<b>121</b>
6.1. Electrical methods .....	121
6.1.1. Microcurrent therapy .....	121
6.1.2. Electrocoagulation and RF microneedling.....	121
6.2. Light therapy .....	122
6.3. Cryodestruction .....	122
